Pre-Employment Drug Screen Testing	Alyeska Pipeline Service Company (APSC) requires pre-employment drug testing utilizing hair test collection for all positions. The preferred collection site is from the head (approximately 1+1/2 inches of hair length necessary). Head hair testing provides an approximate 90 day window of detection that checks for illegal drug use. In addition, for Department of Transportation covered positions, APSC will also utilize urinalysis testing. Any positive drug test makes you ineligible for APSC employment.
